26 Subject:—

Appointment of Mr.J.A.Iswaramurti in the Sanitary Department.

Q While sanctioning the re-organization of the Public Health Department in February 1917, the Vaccine Institute was placed under the administrative control of the Senior Surgeon and Mr. Palpu was made the Superintendent of the Institute, 1/3rd of his pay being debited to the Sanitary Budget.

2. The Sanitary Commissioner represented that the Vaccine Institute should form part of the Public Health Institute and recommends that one Mr.J.A.Iswaramurti, B.A., L.M.S., B.S.Sc., may be appointed on a pay of Rs.200 in the grade of Rs.150-10-250 and posted for the charge of the Vaccine Institute. The Senior Surgeon who was consulted in the matter is also of opinion that the Vaccine Institute should be under the administrative control of the Sanitary Commissioner. He requests that on the appointment of the Sanitary graduate to the charge of the Vaccine Institute, he may be permitted to withdraw the Medical graduate now in charge of the work owing to the paucity of hands in the Medical Department. I agree with the Senior Surgeon that the Vaccine Institute may be placed under the administrative control of the Sanitary Commissioner and to sanction the proposal of the Sanitary Commissioner to appoint Mr.Iswaramurti to the second of the two temporary appointments sanctioned in the Government Order No.6005-6/san.59-17-13 dated 27th April 1918 and to

Bangalore,

Sir,

I beg to apply for a suitable appointment in the Sanitary department of the Government of Mysore.

As for my qualifications I beg to state that I hold the following degrees of the Madras University. B.A 1902 & M.Sc 1908 and have passed the B.Sc Degree examination held in March - April 1918. My second language for the Arts Course was Kannada and I know Tamil Telugu and Hindustani amongst others.

Nevertheless.

I am a Mysorean by birth, passed the B.A for the Central College Bangalore

and held Mysore Govt State Scholarship for the Medical Course.

After graduating in medicine I applied for an appointment in the Mysore Medical Department but I was told there was no vacancy suitable to me. I was obliged therefore to seek employment elsewhere and have been serving as an Assistant Surgeon in the H.E.S. & R.H. I am now 34 years old.

I have now qualified myself for the B.Sc degree of the Madras University. I have got a great desire to serve my own Country if the government need my services.

I request therefore to be provided with a suitable appointment in the Sanitary department.

Expecting an early favourable reply

I beg to remain
